

Dr.M.N. Sheelvantar, Ex VC UAS (Bangalore), Visited ICAR-IIPR Regional Research Station, Dharwad

The scientific and technical staff of ICAR-IIPR, (Regional Research Station), Dharwad had an interaction cum guidance meeting with the Hon'ble Ex VC UAS (Bangalore) Dr. M.N. Sheelvantar on 24th of May 2023 . Dr. S.L. Patil Officer-in-Charge ICAR-IIPR, RRS, Dharwad briefed Dr. M.N. Sheelavantar about the various scientific and extension activities undertaken by the ICAR-IIPR, RRS, Dharwad.

Dr.M.N. Sheelvantar, Ex VC UAS (Bangalore) stressed about the landmark innovation that changed the face of agriculture and future challenges of agriculture faced by the scientific fraternity, such as climate change, adoption of Bt. technology for improved crop production, and need of innovating technologies that can change and improve the livelihood of the farmers in the region. He advised the young Scientists for the innovative approach in Science with multidisciplinary and multilocation trials/experiments that lead to the outcome of appropriate patent/technologies which benefits the farming community for reduced cost and improved productivity and income. The Scientists of the Centre also interacted about various agricultural innovations and IIPR technologies. He also encouraged the scientists to involve in the student teaching and guiding activities of the UAS Dharwad. He visited the experimental plots and the research facilities at the campus. He appreciated the efforts of ICAR-IIPR, RRS Dharwad in transforming the barren/forest land into a Experimental plots and a well developed Research farm.

Dr.S.L.Patil, Officer-in-Charge of ICAR-IIPR, RRS Dharwad thanked the guest for campus and guiding the scientific staff.

Interactive meeting with Dr.M.N. Sheelavantar Ex Vice Chancellor UAS, Bangalore at ICAR-IIPR, RRS, Dharwad
